

Edward Joel Lozano

Photography

An innate ability to engage his subjects allows Edward to capture an incredible range of human emotion and spontaneity. This has made him one of the most sought after photographers in Dallas as well as other cities across the country he frequents seasonally.

Sitting fees, paid upon scheduling your photographic session, secure consultation and optimal shooting time. Consultations are designed to help determine what type of portrait will be produced - formal, casual, spontaneous, etc. Specifics such as clothing, location and timing are discussed in order to control artistic currents, provide a fun experience, and ultimately, remarkable portraits. We accept a limited number of sittings in order to ensure the quality of our work and preserve the integrity of our photography.
